## Jennings Road Sidewalks to Close Temporarily for Repair

Portions of the sidewalks along Jennings Road will close temporarily for repairs, beginning at 8 a.m. Monday, April 10. The project is scheduled to be completed by Thursday, April 13, weather permitting.

The affected area will be 680 feet of sidewalks on Jennings Road between the Battery Creek High School campus entrance and Broad River Boulevard.

The project will be conducted during Spring Break to avoid any disturbances to students walking to school.

Signs will be placed indicating the temporary sidewalk closing and notifying the public of the hazard. Drivers are encouraged to use extra caution when approaching work zones.
